MEP GREEN DESIGN & BUILD provides the design and installation of Mechanical, Electrical, Plumbing, and Fire Protection systems as well as an extensive list of supporting services such as LEED® Consultancy, Testing and Commissioning, and Building Information Modeling(BIM 360). MEP Green offers distinct, detail-oriented, and budget sensitive solutions to the commercial, hospitality, multifamily, educational, medical, retail, and industrial markets.

MEP GREEN DESIGN & BUILD is UNIQUE. Our Principals have over 30 years of experience across a diverse portfolio of project types. This combination of expertise provides our clients outstanding value and exceptional designs that are buildable, cost-effective, and of the highest quality. Our firm believes in providing sustained quality improvements and is committed to achieving all clients goals in a timely and efficient manner.

MEP GREEN DESIGN & BUILD takes a sensitive approach to energy efficiency and environmental sustainability. We have LEED® Accredited Professionals who can lead your project through the LEED® certification process. In addition, we continue improving our services by continually implementing the most advanced technology into our MEP design such as MEP Revit and BIM 360 to improve coordination and building performance, providing a plethora of economic, environmental and societal benefits.

MEP GREEN DESIGN & BUILD has built a wide network with our main office in Houston, Texas; a branch office in Orange, California; three offices in Vietnam and two offices in Myanmar. Our international network gives us the ability to work around the clock to meet any deadlines, providing the resources of a global company with the care and attention to detail of a dedicated local team.

MEP GREEN DESIGN & BUILD has a total of 100 MEP engineers on our team. MEP Green has completed over 1000 hotel projects and is able to complete MEP designs for hotel projects, for a variety of international franchises within three weeks. We respond to any needs or requests from clients within 2 hours.

WE ARE LICENSED IN 49 STATES: Alabama, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin and Wyoming.

DUNG VU, Ph.D., P.E., LEED AP.

President

Dung Vu, founder of MEP Green Design & Build, PLLC in Houston, Texas, US, earned his Ph.D and LEED AP in the US; and has his Professional Engineer licenses in 47 states in the USA. He also has class A Licenses for Air Conditioning & Refrigeration Contracting in the State of Texas. He has over 30-years experience in both MEP design and installation for a variety of building types such as high-class hotels, high-rise service apartments, office buildings, state-of-the art theaters, beach resorts, factories, health care facilities and education centers. As the President, Mr. Vu sets the company's strategic direction, oversees its revenue and profitability growth, identifies significant opportunity areas, and establishes appropriate organizational structures and policies. Mr. Vu personally supervises hundreds of MEP design projects of the company to ensure their best quality.

OM P. NANGIA, PE

Associate

Om P. Nangia has 45-years experience in design, construction and plant maintenance. For the development of our firm, he has been a key design partner of MEP design and build for many hotel projects in the US. He earned his Professional Engineer License in more than 40 States in the USA.

RAYMOND MASON, PE

Senior Electrical Engineer

Raymond Mason has over 21-years experience in design of electrical systems. He has contributed to a variety of projects including high-rise buildings, oil and gas plants, industrial facilities, office buildings, etc. He oversees and approves all the electrical designs of our company before sending them to our clients or the cities for approval.

PETER NGUYEN, BSE

Director of Business Development

Peter Nguyen began his career at MEPG as Project Coordinator/Mechanical Designer at the Houston office in 2016. Peter holds a Bachelor of Science in Mechanical Engineering from Saint Martin's University. His hands on experience, education, work ethic, and motivated spirit make him the perfect person to provide a combination of world class customer service and technical knowledge to our clients. In 2019, he is being appointed the role of Director of Business Development, to oversee the management of all strategic and operational business development. Similar to the engineers, he is experienced in US Standards (UMC, NFPA, CMC) and International Building Code (IBC)"

TRI NGUYEN, BSE

Director of Operation – Design Section - Vietnam Office

Tri Nguyen has over 30-years experience in design and management of MEP systems. He earned his Electrical Practice Certificate to provide professional services in design consultancy of infrastructure works and MEP systems for high-rise buildings, airports, hotels, resorts and commercial buildings. He has designed a variety of large and well known projects in Vietnam according to the international specifications, standards and codes such as US Standards (NEC and NFPA), British Standards, Australian Standards, Singaporean Standards, International Building Code and all Vietnam and Myanmar Standards.

BILL NGUYEN, BSE

Director of Engineering – Design Section – Vietnam Office

Bill Nguyen has over 20-year experience in design and management in MEP section. He earned his BSE, major in Plumbing and Drain at Ho Chi Minh City University of Technology and Education and registered Engineer for Plumbing and Drain, Mechanical and Electrical Engineering Services. He has extensive experience in MEP design for high-rise buildings, hospital, hotels, resorts and commercial buildings according to the international specifications, standards and codes such as US Standards (NEC and NFPA), British Standards, Australian and Singaporean Standards, International Building Code and all Viet Nam and Myanmar Standards.

HARRY DANG, BSE

Director of Operation - Installation Section

Harry Dang has over 25-years of experience in construction and project's management of MEP Systems. He earned his BSME at Ho Chi Minh City University of Polytechnic in 2001. Throughout the years, he has worked as a site engineer, project manager that handling mechanical, electrical and plumbing scopes for various type of projects such as commercial, industrial, retail and residential. As director of operation at MEPG, Harry is fully responsible for submitting a comprehensive and competitive bid to an existing or prospective client on time. He oversees all aspects of proposal preparation, ensuring quality, compelling bids are submitted in a timely manner and he is also familiar with Codes & Standards including Australian Standards, British Standards, US Standards (UMC and NFPA), Singaporean Standards, International Building Code and Vietnamese Standards.

KEVIN TRAN, BSE

Project Director - Design Section

Phuong Tran has over 20-years experience in installation electrical, mechanical and plumbing systems for high-rise buildings, airports, hospitals, hotels, resorts and commercial buildings according to the international specifications, standards and codes such as Kabar Aye Executive Residence, F.Home Residence, Aviation Fueling Facilities at Tan Son Nhat International Airport... He is responsible for leading multi-discipline staff Designers, M&E/Structural & Architectural Co-coordinators, QA/QC Engineers.

WHAT OUR CLIENTS SAY

	Mario Bolullo, R.A., Design Partner of STOA: "... Green Design has been proven successful with repeat clients and in diverse circumstances, particularly in complicated international projects...", 2016
	Shane Sigrist, Architect of RSS Architects, L.L.C.: "... a tremendous asset to our firm..." , 2016
	Paul Kao, Principal of TDCK Architects, INC.: "... Their services are efficient, prompt, professional, and to a great satisfactory to our clients....", 2016
	Danny Shah, Pricipal of D.R. Associates, Architects: "... we would like to express our highest satisfaction of working with Dung Vu as the pricipal of the MEP Green Designs company...", 2016.
	Fareena Dawood, AIA, Pricipal Architect of Momentum: "... Mr. Dung Vu, its President and CEO, attends all design development meetings, listens carefully to our requirements, and then proposes solutions in-keeping with our design intent, and within client's budget...", 2016
	Jay N Bhatt, President: "... Their quality of MEP design is vastly superior to other MEP designs generally found in the hospitality industry...", 2016
	Jose Labastida, Principal: "... Mr. Vu and his team, always provide great adesign solutions within budget and on time...", 2016
	Sid Parekh of Parekh Architects PLLC: "... providing excellent services to our clients in a timely and cost-effective manner...", 2016
	Pham Hai Duong, M&E Manager of HBMC: "... It becomes the most effective work done we have had up to now...", 2016
	Rachel Lambert, Vice President of Construction Mogul Cappital/TRCF: "...we have been extremely impressed with MEPG 's performance and look forward another successful project...", 2019
	Jason Salazar, Principal: "...Meet Vu & Peter of MEP Green. They are an MEP firm that can take over a single responsibility such as MEP for this project. Great firm as I told you that is worth getting on all of our future projects without a doubt...", 2019
	Chico Patel, Hotel owner: "...I've used them and they do not over design there scope. I've used them on all of my projects with Sid my other architect...", 2019
	Hiral Patel, Hotel owner: "...I look forward working on this project with your team as well as completing our other current projects...", 2019
	Moe Kyaw Thu, Director of Operations: "...we highly recommend MEP Green Design & Build Myanmar Co., Ltd for your need of MEPF systems design, installation and project management services. We are totally satisfied with their performance and quality of work being the main MEP contractor...", 2019
	Vu Van Tuan, General Director : "...M&e Green team is skillful and experienced in terms of designing Hotels and Resorts and they has proposed good MEP concepts", 2020
